## Summary

---

I am a second-year Computer Engineering student at Antonine University with practical experience in Flutter and C++. I'm passionate about problem-solving and aspire to pursue a master's in Software Engineering. My focus is on developing efficient, user-centered applications while continuously learning and growing in the fast-evolving tech industry. I've also built an insurance website using HTML, CSS, and JavaScript, and I am currently expanding my skills by learning React.

## Experience

---

May 2024 - July 2024

### Mobile Development Intern - Megabee S.A.L

- Worked on a mobile app using Flutter, focusing on fixing bugs, experimenting with new design tweaks, and integrating various APIs.
- Actively contributed to improving the app's functionality and user interface by implementing new features and resolving technical issues.

## Projects

---

- **Insurance Website:** Developed a responsive insurance website using HTML, CSS, and JavaScript. Implemented interactive UI elements and ensured cross-browser compatibility.

## Skills

---

- |                              |                                 |
|------------------------------|---------------------------------|
| • Flutter Development        | • API Integration in Flutter    |
| • JavaScript                 | • Critical Thinking             |
| • HTML5/CSS3                 | • Troubleshooting and Debugging |
| • React (Currently Learning) | • Workflow Prioritization       |
| • Front End Development      |                                 |

## Certifications

---

- AI For Everyone, DeepLearning.AI (August 2022)
- Python Basics, University of Michigan (September 2022)

## Education

---

**Antonine University**, Bachelor in Computer & Communications Engineering - Expected 2028

**Antonine Sisters School**, High School - 2023

## Languages

---

- English: Fluent
- Arabic: Fluent
- French: Intermediate
