

# Paul Ouba

Computer Science  
Student

## Contact

**Address:**  
Byblos, Lebanon

**Phone:**  
+961 71 307 638

**Email:**  
[paulouba21@gmail.com](mailto:paulouba21@gmail.com)

## Skill Highlights

- Strong decision maker
- Complex problem solver
- Active listener
- Attentive to details
- Team Leader
- Fast Learner

## Skills Programming

Html, CSS, JavaScript, PHP,  
MySQL, C# , JQuery, Bootstrap,  
React js , github

## Computer Skills

General Computer Literacy  
(Microsoft Excel, Word,  
PowerPoint) - Expert

## Languages

Arabic - Mother tongue  
English - Fluent  
French - Fluent

## References

Provided upon request

## Summary

Driven and highly motivated **Computer Science student** seeking an internship opportunity to apply theoretical knowledge and gain practical experience in the field. Proficient in various programming languages and eager to contribute to real-world projects.

Committed to continuous learning and personal growth in pursuit of successful career in computer science.

## Projects

- ❖ Pharmacy Website Development
  - Developed a pharmacy website utilizing **HTML, CSS, jQuery , PHP, and MySQL**.
  - Implemented a visually appealing user interface using HTML and CSS.
  - Implemented jQuery and Ajax for Interactive Communication with MySQL.
  - Built a secure user authentication system to differentiate between administrators and regular users.
  - Created an admin panel allowing administrators to manage products, categories, user accounts.
  - Strengthened web development skills and gained experience in creating efficient and secure e-commerce platforms.
- ❖ Quiz Website
  - Developed INTERACTIVE React quiz app with score tracking, progress indicators and responsive design
  - Utilized **React , Javascript, CSS**.
- ❖ Coffee shop Frontend Website
  - Developed website utilizing **HTML, CSS, and JavaScript** showcase the coffee shop's menu, contacts , reviews and about us.
  - Implemented interactive features and animations using JavaScript to enhance user interactivity and engagement
- ❖ Coffee shop Software
  - Created an interactive frontend with Windows Forms.
  - Built the application in **C# and MySQL**.
  - Enabled normal users to add items to the carts and place orders, enhancing the shopping experience.
  - Empowered administrators with additional functionalities, allowing them to efficiently manage users and products, resulting in streamlined operations.

## Education

- ❖ Bachelor of Science: **Computer Science** 2019-2024  
**American University of Technology**, Halat  
GPA: 3.18/4
- ❖ BT3 IT(**Information Technology**) 2016-2019  
**Edde Technique School** ,Edde
